

THE DIGITAL METROLOGY FORUM: Shaping Measurement in the Digital Era Programme

- 1400 **Introductory remarks:** Dr Ilya Budovsky, National Measurement Institute Australia
- 1410 **Topic 1:** Dr Qing He, National Institute of Metrology, China
Novel Approaches to the Analysis of Measurement Data from a Population of Electricity Meters
- 1430 **Topic 2:** Dr Sivinee Sawatdiaree, National Institute of Metrology, Thailand
Digital Metrology from a Perspective of a Developing NMI
- 1450 **Topic 3:** Dr Blair Hall, Measurement Standards Laboratory, New Zealand
Data interoperability, quality and national measurement infrastructure
- 1510 **Topic 4:** Mr Christian Rohrig, Physikalisch-Technische Bundesanstalt, Germany
Digital Calibration Certificate – The Future of Calibration
- 1530 *Afternoon Tea*
- 1550 **Topic 5:** Prof Jan-Theodoor Janssen, National Physical Laboratory, United Kingdom
Reproducibility and Data Metrology
- 1610 **Facilitated Panel Discussion**
- Dr Ilya Budovsky (facilitator)
 - Dr Qing He
 - Dr Sivinee Sawatdiaree
 - Dr Blair Hall
 - Mr Christian Rohrig
 - Prof Jan-Theodoor Janssen
- Audience Question and Answer Session**
- 1650 **Summary and Close**
